

S2000

2008 **HONDA** S2000

On your mark.

Imagine experiencing more than half a century of triumph through innovation. Imagine the lessons learned from the blistering straightaway at Monza or the thrilling designer S curves at Suzuka. Imagine harnessing lap after lap of race-proven engineering and aerodynamics. Imagine the exhilaration only a perfectly balanced high X-bone frame can deliver. Imagine the feeling of control that comes from wide 17-inch aluminum-alloy wheels. Imagine the excitement of driving it in a single, one-of-a-kind, high-performance sports car. Now, experience it all, and more, at the push of the Engine Start button.

Meticulous attention has been applied to every driving detail. The driver's seat is positioned behind the car's centre of gravity to offer a superior feeling of integration with the car's every move. Textured aluminum pedals and leather-wrapped steering wheel reinforce the feeling of command and control. The instrument panel and digital tachometer are designed for easy

reads at any speed. The sporty leather-wrapped shift knob allows you to snap through one of the world's shortest close-ratio 6-speed manual transmissions. The Drive-by-Wire Throttle System™ offers amazingly quick, smooth engine response. Altogether, the S2000 will leave even the boldest drivers excited.

Get set.

The moment you slip inside the F1[®]-inspired leather-trimmed cockpit the feeling of high performance is unmistakable. Sporty digital gauges and driver controls are prominently and intuitively placed, creating an intimate yet comfortable driving experience. Anatomically sculpted, high-bolstered perforated leather seats are ready to support quick manoeuvres, while the audio system with built-in headrest speakers adds volume to any drive. In short, it's a drive designed with one person in mind – you.

Go.

The innovative VTEC® engine found in the S2000 is a prime example of E1-inspired engineering. Precision crafted using advanced lightweight materials, the S2000 is powered by an incredibly compact, fuel-efficient, 2.2-litre, 16-valve, DOHC, VTEC engine. From the weight-saving aluminum-alloy engine block and super-light forged-alloy pistons to the fibre-reinforced cylinder walls, everything about the engine is designed for speed and perfect weight distribution. The result is a high-revving, high-velocity power plant that produces an impressive 237 horsepower and 162 lb.-ft. of torque all the way to the 8000 rpm redline – and all with a low-emission Tier 2 Bin 5 rating.

The S2000 really comes to life with the exceptional handling of the race-inspired 4-wheel independent double-wishbone suspension system that enhances cornering, stability and steering response. The system consists of upper and lower wishbone arms at each wheel, with calibrated coil-over spring damper units and anti-roll bars. The advanced in-wheel

suspension also helps maintain the car's low centre of gravity, reducing body roll and increasing your confidence and ability to attack corners. In fact, everything from the power-to-weight ratio and flawless balance of the high X-bone monocoque frame to the aerodynamic, lift-reducing front to rear rising body line is designed to offer maximum driver control.

The S2000 boasts many genuine Formula One™ tested safety features. In fact, with integrated head-injury protection, side-impact protection and high-strength steel built into the doors and side sills, the level of protection rivals most closed-top vehicles. Plus, the extremely rigid high X-bone monocoque frame offers superior occupant protection by dispersing the impact energy created during a collision away from the cockpit, regardless of the point of impact. Other safety essentials include 3-point seat belts with front pretensioners, 4-wheel Anti-lock Braking System (ABS), power-assisted, ventilated front disc/solid rear disc brakes and Vehicle Stability Assist (VSA) with Traction Control for increased vehicle control.

Standard Safety Features:

- Dual-stage, dual-threshold front airbags (SRS) /
- Vehicle Stability Assist (VSA) with Traction Control /
- 4-wheel Anti-lock Braking System (ABS) / High-Intensity Discharge (HID) headlights / Tire Pressure Monitoring System (TPMS)

Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly secured in the rear seat.

As the world's largest engine manufacturer, Honda has a tradition of turning innovative ideas into products that help make our world green, safe and a little more fun. These products are equipped with some of the cleanest, most fuel-efficient engines you'll find on the road, in the water or high above the clouds. And as technically ingenious as these products are, they are all brought to life by The Power of Dreams. Today, Honda not only competes to win, but also races to raise environmental awareness through the introduction of the My Earth Dream Formula One car.

Engine	S2000
2.2-litre, 16-valve, DOHC, VTEC® 4-cylinder	•
Horsepower @ rpm†	237 @ 7800
Torque (lb.-ft. @ rpm)†	162 @ 6800
Displacement (cc)	2157
Redline (rpm)	8000
Emissions rating	Tier 2 Bin 5
Bore and stroke (mm)	87 x 90.7
Compression ratio	11.1:1
Aluminum-alloy block with fibre-reinforced cylinder walls	•
Engine start button	•
Drive-by-Wire Throttle System™	•
Programmed Fuel Injection (PGM-FI®)	•
Recommended fuel	Premium

†Horsepower and torque calculations reflect SAE net Rev 08/04, SAE J1349 procedures.

Drivetrain

Close-ratio 6-speed manual transmission	•
Final drive ratio	4.1:1
Limited-slip rear differential	•

Chassis

4-wheel independent double-wishbone suspension	•
17" aluminum-alloy wheels	•
Electric power-assisted rack-and-pinion steering (EPS)	•
Front and rear stabilizer bars	•
High-performance tires – front	P215/45 R17
High-performance tires – rear	P245/40 R17
Power-assisted, ventilated front disc/solid rear disc brakes	•

Safety

3-point seat belts with front pretensioners	•
4-wheel Anti-lock Braking System (ABS)	•
Dual-stage, dual-threshold front airbags (SRS)	•
Immobilizer Theft-Deterrent System	•
Tire Pressure Monitoring System (TPMS)	•
Vehicle Stability Assist (VSA™) with Traction Control	•

Exterior

Body-coloured door handles	•
Body-coloured power folding side mirrors	•
Electrically powered soft top with glass rear window	•
Heat-rejecting green-tinted glass	•
High-Intensity Discharge (HID) headlights	•
Mast antenna	•

Entertainment

AM/FM/CD audio system with 8 speakers	•
---------------------------------------	---

Comfort & Convenience	S2000
12-volt power outlet	•
Air conditioning with air-filtration system	•
Centre console with locking storage compartment	•
Exterior temperature indicator	•
Fixed steering column	•
Front passenger's vanity mirror	•
Maintenance Minder system	•
Power windows with auto-down driver's window	•
Remote entry system	•
Steering wheel-mounted cruise control	•

Seating & Trim

Aluminum shift knob with leather	•
Driver's seat with 4-way manual adjustment	•
Front passenger's seat with 4-way manual adjustment	•
Leather-wrapped steering wheel	•
Perforated leather-trimmed interior	•
Textured aluminum pedals	•

Dimensions

Cargo volume (L)	152
Curb weight (kg)	1301
Fuel tank capacity (L)	50
Ground clearance (mm)	107
Headroom (mm)	879
Height (mm)	1270
Hip room (mm)	1266
Legroom (mm)	1126
Length (mm)	4135
Passenger volume (L)	1276
Shoulder room (mm)	1288
Track – front/rear (mm)	1470/1510
Turning diameter (m)	5.7
Wheelbase (mm)	2400
Width (mm)	1750

Fuel Economy* (L/100 km)

Manual transmission (City/Hwy)	11.8/8.4
--------------------------------	----------

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://www.honda.ca). It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Make the grade with Honda. If you're a recent university or college graduate, you may be eligible for an allowance of up to \$750 on certain Honda models. To learn more about the Graduate Program, visit [honda.ca](http://www.honda.ca) or see your participating Honda dealer.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you or anyone else driving your vehicle 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting, lockout assistance plus many other helpful services. Ask your dealer for more information.
